Key changes in variance to budget include areas of growth in business development, sponsorship of royalty revenue, membership, and travel. The goal for Fiscal Year 2016-17 was to have a maximum budgeted shortfall of $549,343. Two areas that won’t reach goal are membership and business development with a total shortfall of $675,000. Steps to offset the budget are to reduce expenses yielding savings in compensation, Alumni Day, JWAC building administration, and Bruin Bash with a shortfall difference of $35,466.

30, 2017, making it eligible for the Chancellor's Centennial Match; and allow the scholarship to be endowed within one year.
